

RECOVERY IS FOR EVERYONE: Every Person, Every Family, Every Community

2021 National Recovery Month

Mental health and substance use disorders affect all communities nationwide, with commitment and support, those impacted can embark on a journey of improved health and overall wellness. The focus of **National Recovery Month (Recovery Month)** this September is to celebrate all people that make the journey of recovery possible by embracing the 2021 theme, "Recovery is For Everyone: Every Person, Every Family, Every Community." **Recovery Month** spreads the message that people can and do recover every day.

The impact of mental health and substance use disorders is apparent in our local community, and an estimated 18,000 people in Johnson County are affected by these conditions. Through **Recovery Month**, people become more aware and able to recognize the signs of mental health and substance use disorders and encourages people in need of recovery services to seek help. Managing the effects of these conditions helps individuals achieve healthy lifestyles, both physically and emotionally.

The **Recovery Month** observance continues to work to improve the lives of those affected by mental health and substance use disorders by raising awareness and educating communities about the effective services that are available. For the above reasons, I am asking the citizens of Johnson County to join me in celebrating this September as National **Recovery Month**.

I, Jerry S. Jordan, do hereby proclaim the month of September 2021 as **National Recovery Month** in Johnson County and call upon our community to observe this month with compelling programs and events that support this year's observance, the 32nd anniversary of Recovery Month.
